MEMORANDUM FOR: Director of Logistics

SUBJECT : Your Letter of 9 July 1970 Relative to
Space

Jack:

1. Appreciate your concern relative to our FY 72 space needs and your desire to at least at this point in time address that situation. I, for one, am sensitive to the limited space situation and am not sure at this writing that Carl Duckett would even entertain any official request to you for more space. Let my reply be in the nature of merely responding to your memorandum so that if some acceptable way is made clear, it can then be formalized.

3. I can point to no specific paper signed by anyone, but I do understand from [REDACTED] that Col. White has approved for the time being a T/O increase to [REDACTED] for us. I am happy that we are both in the space business and am even further pleased that our space problems are in your hands, however, I will continue to attend Church services.
